**ON OUR SPIRAL
MILL-THREAD TOOLS**

Promotional Code: PDM26-06

**Product of the Month June:
Spiral Fluted Thread Mills**

Advantages:

Smooth cutting at high feed rates and short machining times;
highly versatile – suitable for small to large machining centers;
1–9 insert seats at the smallest possible diameter; precise indexing thanks to a unique clamping system; vibration and chatter are minimized; highest thread surface quality

Carbide Grade MT7:

Ultra-fine grain carbide with TiAlN multi-layer coating (ISO K10–K20) – ideal for medium to high cutting speeds, suitable for all materials.
